Annual Pedagogy Plan

2023-24

Basic information about the school

Our school was established in 2015 with a clear vision to impart quality education.

Aparna Public school, where the mind is without fear, makes one proud to be in its precincts. Our founder dreamed of helping students emerge as global citizens, the school sends them to different countries, under exchange programmes and for participation in MUN sessions. We are very proud to claim our motto “By Toil to Stars” where students are taught the value of hard work which is the key to success. At Aparna Public school, we believe that the holistic education is the key that unlocks potential, inner talents and prepares a child to attain his / her life goals.

The Roman Philosopher Seneca observed, “If a man knows not what harbor he seeps, any wind is the right wind”. APS’s School mission is to foster excellence in academics, sports and morality, in an inspiring and encouraging environment, laying great emphasis on character building, leadership, integrity, service and respect.

Our vision is to nurture multi-talented, responsible global citizens who will carry with them a strong sense of identity, a willingness to see a common thread which runs through all over lives, when they graduate from the school who demonstrate resilience, respect, integrity and independence.

Aim of the school

Each child at APS’S is a honed and inestimable jewel shining with each facet. At APS’S emphasis is laid on not only making the child academically brilliant, but true leaders and team players, thus preparing them for the real life world. *We aim to make every child aware of the power within him/her.*

We always prioritize that each child is provided individual attention, best of faculty and facilities besides learning and growing in an atmosphere of happiness and care keeping in tune with the School’ss policy of „No child left behind‟ policy. The major area of focus at St. Soldier has been to *enhance the analytical thinking of a student and make learning a journey of discovery where children can find encouragement, scope and nourishment for their inquisitive minds. P*ersonality holds a major place in one‟s success. There is a constant endeavour on our part to uplift the self-esteem of the child and working on bringing them up to the best of the standard in the Dhanbad.

Mission of the school

APS’SSchool is committed to fostering excellence in academics, sports and morality, in an inspiring and encouraging environment, layinggreat emphasis on character building, leadership, integrity, service and respect.

Focus of the school

1. Quality education including academic excellence.
2. All round development of a child, in a safe and caring environment.
3. Compulsory sports and Co-curricular activities
4. Inclusive Education
5. Striving towards making students into a better Human being and a responsible citizen of this great country.

Details of the stakeholders

Parents, Students, Teachers, School Management, Staff

Consultations and discussions held for preparing the annual plan

The annual pedagogical plan is made after series of consultations and discussion with teachers, coordinators and Heads.
The annual pedagogical plan is made after series of staff meeting where the objectives and methods are discussed and a broad outline is worked out.
The format is decided. The syllabus distribution plan is made – month wise and week wise, Unit wise and term wise. All subject teachers sit together and write the syllabus distribution together.

The week wise syllabus distribution completion, correction report, teaching aid report, test reports, smart class report is submitted in **a lesson plan register** submitted to the Principal every Monday.

The School academic calendar and Co-Scholastic and School programme calendar (all in one) is prepared by the Principal in intense consultations with House masters, senior teachers, Head and the management.

Goals to be achieved – Annual and Long Term

1. No Child Left Behind Policy
2. Stress on Basic life skills
3. Constant improvement in Academics, sports and activities
4. Constant improvement in a child‟s personality
5. Parent‟s satisfaction
6. To prepare the students into a responsible global citizen and a good human being.
7. To bring up the institution as one of the best in the region for imparting quality education.

Economic & Academic Resource Available

1. All classes are SMART classes equipped with a Projector and screen with Teach next content (Audio-video).
2. The Library has 4500 books against the strength of around 500 students for classes I to X.
3. Three separate labs- Science, Physics and Chemistry; Art Room, Computer labs- Two (with 40 systems each)
   Math lab, Activity room, 1 big Playground, athletics / Cricket, a badminton court, T. Tennis hall, two auditoriums, Multi Media hall, etc.
   The school aims to provide best facilities to the students.

Number of Grades

I to VIII	
Marks Range	Grade
91 – 100	A1
81 – 90	A2
71 – 80	B1
61 – 70	B2
51 – 60	C1
41 – 50	C2
33 – 40	D
32 & Below	E (Needs improvement)

IX & X	
Marks Range	Grade
91 – 100	A1
81 – 90	A2
71 – 80	B1
61 – 70	B2
51 – 60	C1
41 – 50	C2
33 – 40	D
32 & Below	E (Failed)

Grade wise number of Subjects

PRIMARY CLASSES:

I to II

English, Hindi, Mathematics, EVS, Games, Dance and Music.

III to IV

English, Hindi, Mathematics, Environmental Studies, Games, Art & Craft, Dance and Music, Computers

MIDDLE CLASSES: V to VIII

English, Hindi, Punjabi / Sanskrit, Mathematics, General Science, Social Studies, Computer Education, Art & Craft, Library, Games and Music.

SECONDARY CLASSES: IX & X

English, Hindi- Course-B, General Science (with Practicals), Mathematics, Social Science, Information Technology (Vocational), Physical & Health Education, CCA, Clubs.

SENIOR SECONDARY CLASSES: XI & XII

(Commerce)

English, Accounts, Economics, Business Studies (with Practicals), Mathematics / Physical Education / Information Technology (Vocational)

(SCIENCE)

English, Physics, Chemistry, Biology (with Practicals), Mathematics / Physical Education / Information Technology (Vocational)

Pedagogical Solutions: i.e. How curriculum shall be transacted in each grade for each subject/module and specific teaching learning techniques

Assessment tools and rubrics for each class and each subject

Subjects	**TERM-1 (100 marks)** (1st half of the session) **20 marks Periodic Assessment + 80 marks for Half Yearly Exam**		**TERM-2 (100 marks)** (2nd half of the session) **20 marks Periodic Assessment + 80 marks for Yearly Exam**	
Language -1 **Language -2** **Language -3** **Mathematics** **Science** **Social Science** **Any other Subjects**	**PA 20 marks** • Periodic Test 10 marks with syllabus covered till announcement of test dates by school • Note Book Submission 5 marks at term-end • Sub Enrichment 5 marks at term-end	**Half Yearly Exam** • Written exam for 80 marks with syllabus covered till announcement of Half Yearly exam dates by school	**PA 20 marks** • Periodic Test • 10 marks with syllabus covered till announcement of test dates by school • Note Book submission 5 marks at term-end • Sub Enrichment 5 marks at term-end	**Yearly Exam** Written exam for 80 marks with syllabus coverage as below: **Class VI:** 10% of 1st term covering significant topics + entire syllabus of 2nd term **Class VII**: 20% of 1st term covering significant topics + entire syllabus of 2nd term **Class VIII**: 30% of 1st term covering significant topics + entire syllabus of 2nd term

*** The above assessment tools are for classes IV onwards**

Assessment of aptitude and learning needs of each child and ensuring availability of need based instructional facility

Regular Education Teacher informs Resource Teacher in case of any academic difficulty. Assessment of the child is done and in case found with any disability he / she is allotted a Time table in resource room for remedial sessions after taking parent's consent.

Frequency of pull out sessions

From twice a week to 5 days a week

Teachings Methodology

RT set the teaching objectives and adapt the curriculum as per child's need , organize the teaching materials and choose appropriate strategies such as Audio visual, kinesthetic, verbal , written, concept maps, scaffolding, role play, storytelling, proceeding from simple to complex and concrete to abstract. Focus is also given on FMS, GMS, Computer training and life skills.

Evaluation

- It includes objective type questions, pictorial and MCQs as per child"s need.
- Flexibility in syllabus allocated for testing.
- Instruction and questions are read out to students when needed.
- Modified questions as per child"s need.
- Extra time is provided to students as per the requirement.
- Question paper with enlarged print size (In case of VI)
- Suitable posture and seating arrangement.
- Adaptations are provided in the area of response method.

Feedback

In every Parent Teacher Meeting Child's detailed report is discussed with parents.

Assessment training needs of Teachers and staff at all level

In house trainings are being conducted regularly and Teachers are going for CBSE COE trainings also. Subject Teacher's meetings are held for lesson plans etc.

In house Training: How to Teach Effectively etc.

CBSE COE Training: Career Guidance etc.

Co-ordination with Parents/Community/Board

PTMs, SchoolPad, Notice, Emails

Pupil's well-being (which includes health care in school, group and individual counselling, personal hygiene)

Tree Plantation, Hand Washing Activity, Brushing Activity, and Medical Check-up of all the students are being done twice a year etc.

Supporting activities (which includes co-curricular activities, activities after school, transportation etc.

Art and Craft, Dance, Music-Vocal (Western), Music (Instrumental), Orchestra, Eco Club, Science Club, Theatre (Hindi), Theatre (English), Personality Development, Computer / IT, Olympiad/SOF, Robotics, Creative Writing, Reading, Debating, Culinary Club, Quiz, Public Speaking, Literary

Requirement of remedial classes

Remedial classes are being taken by the teachers in zero school.

Annual themes/celebrations/events/collaboration with other schools

Annual Function, 15th August, 26th January, 02nd October – Swachh Bharat, Rakhi, Netaji's Birth Day etc.

Special events to be organised in the year

School Fete, Cricket Tournament, Taekwondo

Child Safety

STEPS TAKEN BY THE SCHOOL TOWARDS SAFETY OF THE CHILDREN

Classroom Attendance

- Attendance to be taken by the class teacher in their Attendance Registers before the first morning class. The students who are absent without leave need to be noted in the same register and to be marked as A, those with leave application are to be marked as L. In case of leave application received by the class teacher next day, to be noted on the same row at the last column of the register (i.e. date/leave application received). List of absent students, with or without leave is to be reported to Admin department on daily basis before the recess break. Admin needs to make calls to all the absent students wards and check the reason of child missing the school. If found otherwise, a separate action as deemed appropriate is to be taken.

  A head count to be done by every Subject Teacher in their respective classes and match the register with the attendance info‟ on the blackboard to ascertain any absence and cause there

- All entry and exit Gates to have at least two 24x7 security guards round-the- clock, Administration Officer to ensure.

- Male teachers are not permitted to call any single girl child alone for practices/classes/to the office; a female staff member must accompany the girl.

- Children to move within the campus, under escort, in an organized manner.

- During tournaments and school functions, no girl to be allowed to move alone nears the toilets.
- Teachers must be the last to leave the classrooms taking the girls with them during the day (especially for for break, lunch and after prep).

Laboratories

- School Laboratories should spacious and airy and should be of at least 1000 square feet covered area with storage for equipment.
- Students must not enter labs without permission.
- Students must not use equipment/chemicals unless instructed to do so specifically.
- Exhaust fans are to be installed and working properly.

Auditable, register to be maintained and evidenced on (every Saturday) basis:

- Hazardous chemicals must be properly labeled and stored securely.
- Each chemical in the Chemistry lab and reagent in the Biology lab must be labeled.
- Fire extinguishers to be made available and workable under all conditions.
- Double exit should be present in the Chem Lab in case of emergency need.
- Fire extinguishers should be available in the Laboratories.

1. EVENT OF FIRE, EARTHQUAKE, FLOOD, CYCLONE

The school may consist of the following committees/clubs towards the physical safety of children under all circumstances:

- Disciplinary Committee
- Children‟s club for safety and protection
- Bullying Committee
- Fire Safety / Evacuation Team
- Crises/Disaster Management Team
- Trauma Management Team

- Under all circumstances, the school must have a Fire Safety Certificate and the same needs to be updated and reviewed periodically as per the regulator norms.

2. TRANSPORTATION AND COMMUTING OF THE CHILDREN

At Saint soldiers, close to half of the school children are commuting daily from house to school, to and fro so it becomes imperative for the school authorities to take utmost care while transportation on the daily bus trips and also in case of education tours and travels.

- School owned and contractor buses need to comply with all the mentioned instructions.
- All the buses need to have the following certificates in line and needs to get the same renewed before the expiry of the same :
    - Pollution certificate
    - Insurance certificate
    - Fitness certificate

- School buses need to be yellow in colour.
- First-Aid Boxes, Fire Extinguishers, GPRS and Speed Governors (Suggested 40 km/h or as per State Govt directions.) are to be placed in the bus and routine check for the expiry of the medicine also needs to be checked by the Transport incharge from time to time.
- Buses are not to be overloaded in whatsoever the case may be.
- Drivers with valid heavy vehicle license and minimum of 5 yrs of experience only to be permitted for transportation of School children.
- Driver‟s record of service should be clean and should not have had any previous record of serious accidents.
- Drivers not allowed using mobile phones while driving.
- Conductors are to be present in the buses.
- Adult Female/Female Teacher/Ayah/Female escort must accompany girl student/s being transported.
- The name of the school and the telephone numbers of contact in case of accidents or complaints or rash driving should be painted on the side and the rear of the bus.
- Proper racks for school bags and water bottle hangers to be there.
- Attendance is to be taken by the teachers before boarding, inside the bus after settling down and again when stopping or disembarking. A separate duty sheet has also been shared with the teachers to whom the separate bus duties have been allocated for taking attendance.

		Learning Objectives	Methods/ Audio Visual Inputs/ Innovative Methods	Concepts maps / Diagrams / Flowchart/Inter disciplinary linkage/Art Integration/Practicals			
July	Topic/Chapter: **Force And Laws Of Motion** **No. of Periods:**08	▪ Understand the concept of balanced and unbalanced force ▪ Understand the concept of inertia, momentum and force ▪ Derive the mathematical expression of force ▪ Differentiate between the balanced and unbalanced force ▪ Understand the Newton's law of motion ▪ State the three laws of motion **Skills Enhanced:** Critical Thinking Problem Solving	**Discussion method** and **chalk board** will be used to solve and numerical problems and deriving mathematical expressions. **Video** will be shown on Law of action and reaction. **Activity**: To check the third law of motion and first law of motion	**Inter disciplinary Linkages:** **Diagram:** **Art Integration:**	The learning outcome will be assessed with an oral and written test **Home Assignment:** Examples and the exercise of this unit will be given to the student to be solved. **Discussion** will be carried out on the problem solved by the students to have a better understanding of the topic		The children will be able to ▪ Understand the concept of balanced and unbalanced force ▪ Understand the concept of inertia, momentum and force ▪ Derive the mathematical expression of force ▪ Differentiate between the balanced and unbalanced force ▪ Understand the Newton's law of motion ▪ State the statement of three laws of motion

	Topic/Chapter: **Is Matter Around Us Pure** **No. of Periods:**06	▪ Understand the concept of substance, mixture, solution and suspension ▪ Differentiate between homogeneous and heterogeneous mixture ▪ State the properties of solution ▪ Differentiate between dilute, concentrated and saturated solution ▪ Understand the concept of solubility ▪ Find the concentration of solution **Skills Enhanced:** Critical Thinking Self Awareness	Activating Prior Knowledge by Random Questioning Introducing the topic to be taught after getting the expected response from the students. Developing hypothesis by : **Brainstorming Lecture Discussion.** **Video** related to the topic will be shown	**Inter disciplinary Linkages:** **Diagram:** **Art Integration:**	The learning outcome will be assessed with an oral and written test **Home Assignment:** Examples and the exercise of this unit will be given to the student to be solved. **Discussion** will be carried out on the problem solved by the students to have a better understanding of the topic		The children will be able to ▪ Understand the concept of substance, mixture, solution and suspension ▪ Differentiate between homogeneous and heterogeneous mixture ▪ State the properties of solution ▪ Differentiate between dilute, concentrated and saturated solution ▪ Understand the concept of solubility ▪ Find the concentration of solution
	Topic/Chapter: **Tissue** **No. of Periods:**07	• Recall the three different types of muscular tissue and their special features and functions. • Identify the three types of muscular tissue from their diagrams. • Learn about the characteristic features and functions of the nervous tissue. • Draw and label the various parts of a nerve cell or neuron. **Skills Enhanced:** Critical Thinking Self Awareness	Activating Prior Knowledge by Random Questioning Introducing the topic to be taught after getting the expected response from the students. Developing hypothesis by : **Brainstorming Lecture Discussion.** **Video** related to the topic will be shown	**Inter disciplinary Linkages:** **Diagram:** Xylem, Phloem, Muscles, Neuron **Art Integration:**	The learning outcome will be assessed with an oral and written test **Home Assignment:** Examples and the exercise of this unit will be given to the student to be solved.		The children will be able to • recall the three different types of muscular tissue and their special features and functions. • identify the three types of muscular tissue from their diagrams. • learn about the characteristic features and functions of the nervous tissue. • draw and label the various parts of a nerve cell or neuron.

2023-24

Basic information about the school

Established in 2015, as a mission of the Provide the best education in the Colliery belt.

The School provides education from Nursery to Class XII (Senior Secondary) and is affiliated to the Central Board of Secondary Education (CBSE).

Set in an exuberant and lush green environment of 3 acres, this state- of –the- art school is located Highway on Dhanbad Govindpur Road.

At Aparna Public School, we offer students contemporary and progressive schooling with utmost priority to high quality education. The school is equipped with state –of- the- art facilities and aims to develop students as ambassadors of positive change who will help to build a better tomorrow. With a balanced blend of curricular, co- curricular activities and community service the teaching learning process is enriched.

Aim of the school

Each child at APS'S is a honed and inestimable jewel shining with each facet. At APS'Semphasis is laid on not only making the child academically brilliant, but true leaders and team players, thus preparing them for the real life world. *We aim to make every child aware of the power within him/her.*

We always prioritize that each child is provided individual attention, best of faculty and facilities besides learning and growing in an atmosphere of happiness and care keeping in tune with the School‟s policy of „No child left behind‟ policy. The major area of focus at St. Soldier has been to *enhance the analytical thinking of a student and make learning a journey of discovery where children can find encouragement, scope and nourishment for their inquisitive minds. P*ersonality holds a major place in one‟s success. There is a constant endeavour on our part to uplift the self-esteem of the child and working on bringing them up to the best of the standard in the Dhanbad

Mission of the school

APS'S School is committed to fostering excellence in academics, sports and morality, in an inspiring and encouraging environment, layinggreat emphasis on character building, leadership, integrity, service and respect.

Focus of the school

1. Quality education including academic excellence.
2. All round development of a child, in a safe and caring environment.
3. Compulsory sports and Co-curricular activities
4. Inclusive Education
5. Striving towards making students into a better Human being and a responsible citizen of this great country.

Details of the stakeholders

Parents, Students, Teachers, School Management, Staff

Consultations and discussions held for preparing the annual plan

The annual pedagogical plan is made after series of consultations and discussion with teachers, coordinators and Heads.
The annual pedagogical plan is made after series of staff meeting where the objectives and methods are discussed and a broad outline is worked out.
The format is decided. The syllabus distribution plan is made – month wise and week wise, Unit wise and term wise. All subject teachers sit together and write the syllabus distribution together.

The week wise syllabus distribution completion, correction report, teaching aid report, test reports, smart class report is submitted in **a lesson plan register** submitted to the Principal every Monday.

The School academic calendar and Co-Scholastic and School programme calendar (all in one) is prepared by the Principal in intense consultations with House masters, senior teachers, Head and the management.

Goals to be achieved – Annual and Long Term

1. No Child Left Behind Policy
2. Stress on Basic life skills
3. Constant improvement in Academics, sports and activities
4. Constant improvement in a child‟s personality
5. Parent‟s satisfaction
6. To prepare the students into a responsible global citizen and a good human being.
7. To bring up the institution as one of the best in the region for imparting quality education.

Economic & Academic Resource Available

1. All classes are SMART classes equipped with a Projector and screen with Teach next content (Audio-video).
2. The Library has 4500 books against the strength of around 510 students for classes I to X.
3. Three separate labs- Science, Physics and Chemistry; Art Room, Computer labs- Two (with 40 systems each)
   Computer lab, Math lab, activity room, big Play ground, athletics/Cricket, Volly ball Courts, a badminton court, T. Tennis hall, auditoriums, Cricket , an Multimedia Hall, etc.
   The school aims to provide best facilities to the students.

Number of Grades

I to VIII	
Marks Range	Grade
91 – 100	A1
81 – 90	A2
71 – 80	B1
61 – 70	B2
51 – 60	C1
41 – 50	C2
33 – 40	D
32 & Below	E (Needs improvement)

IX & X	
Marks Range	Grade
91 – 100	A1
81 – 90	A2
71 – 80	B1
61 – 70	B2
51 – 60	C1
41 – 50	C2
33 – 40	D
32 & Below	E (Failed)

Grade wise number of Subjects

PRIMARY CLASSES:

I to II

English, Hindi, Mathematics, Games, Dance and Music.

III to IV

English, Hindi, Mathematics, Environmental Studies, Games, Art & Craft, Dance and Music, Computers

MIDDLE CLASSES: V to VIII

English, Hindi, Punjabi / Sanskrit, Mathematics, General Science, Social Studies, Computer Education, Art & Craft, Library, Games and Music.

SECONDARY CLASSES: IX & X

English, Hindi- Course-B, General Science (with Practicals), Mathematics, Social Science, Information Technology (Vocational), Physical & Health Education, CCA, Clubs.

SENIOR SECONDARY CLASSES: XI & XII

(Commerce)

English, Accounts, Economics, Business Studies (with Practicals), Mathematics / Physical Education / Information Technology (Vocational)

(Arts)

English, History, Economics, Sociology, Psychology (with Practicals), Political Science, Mathematics / Physical Education / Information Technology (Vocational)

(SCIENCE)

English, Physics, Chemistry, Biology (with Practicals), Mathematics / Physical Education / Information Technology (Vocational)

Pedagogical Solutions: i.e. How curriculum shall be transacted in each grade for each subject/module and specific teaching learning techniques

Assessment tools and rubrics for each class and each subject

Subjects	**TERM-1 (100 marks)** (1st half of the session) **20 marks Periodic Assessment + 80 marks for Half Yearly Exam**		**TERM-2 (100 marks)** (2nd half of the session) **20 marks Periodic Assessment + 80 marks for Yearly Exam**	
Language -1 **Language -2** **Language -3** **Mathematics** **Science** **Social Science** **Any other Subjects**	**PA 20 marks** • Periodic Test 10 marks with syllabus covered till announcement of test dates by school • Note Book Submission 5 marks at term-end • Sub Enrichment 5 marks at term-end	**Half Yearly Exam** • Written exam for 80 marks with syllabus covered till announcement of Half Yearly exam dates by school	**PA 20 marks** • Periodic Test • 10 marks with syllabus covered till announcement of test dates by school • Note Book submission 5 marks at term-end • Sub Enrichment 5 marks at term-end	**Yearly Exam** Written exam for 80 marks with syllabus coverage as below: **Class VI:** 10% of 1st term covering significant topics + entire syllabus of 2nd term **Class VII**: 20% of 1st term covering significant topics + entire syllabus of 2nd term **Class VIII**: 30% of 1st term covering significant topics + entire syllabus of 2nd term

*** The above assessment tools are for classes IV onwards**

Assessment of aptitude and learning needs of each child and ensuring availability of need based instructional facility

Regular Education Teacher informs Resource Teacher in case of any academic difficulty. Assessment of the child is done and in case found with any disability he/she is allotted a Time table in resource room for remedial sessions after taking parent‟s consent.

Frequency of pull out sessions

From twice a week to 5 days a week

Teachings Methodology

RT set the teaching objectives and adapt the curriculum as per child‟s need , organize the teaching materials and choose appropriate strategies such as Audio visual, kinesthetic, verbal , written, concept maps, scaffolding, role play, storytelling, proceeding from simple to complex and concrete to abstract. Focus is also given on FMS, GMS, Computer training and life skills.

Evaluation

- It includes objective type questions, pictorial and MCQs as per child‟s need.
- Flexibility in syllabus allocated for testing.
- Instruction and questions are read out to students when needed.
- Modified questions as per child‟s need.
- Extra time is provided to students as per the requirement.
- Question paper with enlarged print size (In case of VI)
- Suitable posture and seating arrangement.
- Adaptations are provided in the area of response method.

Feedback

In every Parent Teacher Meeting Child‟s detailed report is discussed with parents.

Assessment training needs of Teachers and staff at all level

In house trainings are being conducted regularly and Teachers‟ are going for CBSE COE trainings also. Subject Teacher‟s meetings are held for lesson plans etc.

In house Training: How to Teach Effectively etc.

CBSE COE Training: Career Guidance etc.

Co-ordination with Parents/Community/Board

PTMs, SchoolPad, Notice, Emails

Pupil's well-being (which includes health care in school, group and individual counselling, personal hygiene)

Tree Plantation, Hand Washing Activity, Brushing Activity, and Medical Check-up of all the students are being done twice a year etc.

Supporting activities (which includes co-curricular activities, activities after school, transportation etc.

Art and Craft, Dance, Music-Vocal (Western), Music (Instrumental), Orchestra, Eco Club, Science Club, Theatre (Hindi), Theatre (English), Personality Development, Computer / IT, Olympiad/NTSC, MUN, Robotics, Creative Writing, Reading, Debating, Culinary Club, Quiz, Public Speaking, Literary

Requirement of remedial classes

Remedial classes are being taken by the teachers in zero school.

Annual themes/celebrations/events/collaboration with other schools

Annual Function, 15th August, 26th January, 02nd October – Swachh Bharat

STEPS TAKEN BY THE SCHOOL TOWARDS SAFETY OF THE CHILDREN

Classroom Attendance

- Attendance to be taken by the class teacher in their Attendance Registers before the first morning class. The students who are absent without leave need to be noted in the same register and to be marked as A, those with leave application are to be marked as L. In case of leave application received by the class teacher next day, to be noted on the same row at the last column of the register (i.e. date/leave application received). List of absent students, with or without leave is to be reported to Admin department on daily basis before the recess break. Admin needs to make calls to all the absent students wards and check the reason of child missing the school. If found otherwise, a separate action as deemed appropriate is to be taken.

  A head count to be done by every Subject Teacher in their respective classes and match the register with the attendance info" on the blackboard to ascertain any absence and cause there

- All entry and exit Gates to have at least two 24x7 security guards round-the- clock, Administration Officer to ensure.

- Male teachers are not permitted to call any single girl child alone for practices/classes/to the office; a female staff member must accompany the girl.

- Children to move within the campus, under escort, in an organized manner.

- During tournaments and school functions, no girl to be allowed to move alone nears the toilets.
- Teachers must be the last to leave the classrooms taking the girls with them during the day (especially for for break, lunch and after prep).

Laboratories

- School Laboratories should spacious and airy and should be of at least 1000 square feet covered area with storage for equipment.
- Students must not enter labs without permission.
- Students must not use equipment/chemicals unless instructed to do so specifically.
- Exhaust fans are to be installed and working properly.

Auditable, register to be maintained and evidenced on (every Saturday) basis:

- Hazardous chemicals must be properly labeled and stored securely.
- Each chemical in the Chemistry lab and reagent in the Biology lab must be labeled.
- Fire extinguishers to be made available and workable under all conditions.
- Double exit should be present in the Chem Lab in case of emergency need.
- Fire extinguishers should be available in the Laboratories.

1. EVENT OF FIRE, EARTHQUAKE, FLOOD, CYCLONE

The school may consist of the following committees/clubs towards the physical safety of children under all circumstances:

- Disciplinary Committee
- Children‟s club for safety and protection
- Bullying Committee
- Fire Safety / Evacuation Team
- Crises/Disaster Management Team
- Trauma Management Team

- Under all circumstances, the school must have a Fire Safety Certificate and the same needs to be updated and reviewed periodically as per the regulator norms.

2. TRANSPORTATION AND COMMUTING OF THE CHILDREN

At Saint soldiers, close to half of the school children are commuting daily from house to school, to and fro so it becomes imperative for the school authorities to take utmost care while transportation on the daily bus trips and also in case of education tours and travels.

- School owned and contractor buses need to comply with all the mentioned instructions.
- All the buses need to have the following certificates in line and needs to get the same renewed before the expiry of the same :
    - Pollution certificate
    - Insurance certificate
    - Fitness certificate

- School buses need to be yellow in colour.
- First-Aid Boxes, Fire Extinguishers, GPRS and Speed Governors (Suggested 40 km/h or as per State Govt directions.) are to be placed in the bus and routine check for the expiry of the medicine also needs to be checked by the Transport incharge from time to time.
- Buses are not to be overloaded in whatsoever the case may be.
- Drivers with valid heavy vehicle license and minimum of 5 yrs of experience only to be permitted for transportation of School children.
- Driver‟s record of service should be clean and should not have had any previous record of serious accidents.
- Drivers not allowed using mobile phones while driving.
- Conductors are to be present in the buses.
- Adult Female/Female Teacher/Ayah/Female escort must accompany girl student/s being transported.
- The name of the school and the telephone numbers of contact in case of accidents or complaints or rash driving should be painted on the side and the rear of the bus.
- Proper racks for school bags and water bottle hangers to be there.
- Attendance is to be taken by the teachers before boarding, inside the bus after settling down and again when stopping or disembarking. A separate duty sheet has also been shared with the teachers to whom the separate bus duties have been allocated for taking attendance.

Month	**Unit/ Sub-Unit/Topic/No. of Periods**	**Learning Objectives**	**Methods/ Audio Visual Inputs/ Innovative Methods**	**Concepts maps / Diagrams / Flowchart/Inter disciplinary linkage/Art Integration/Practicals**	**Evaluation oral/written work/Test/ Assignment**	**Co-Curricular Activities**	**Learning Outcomes**
October	**Month : OCTOBER** **Topic/Chapter: Metals and Non Metals** **No. of Periods: 8**	Differentiate between properties of metals and non metals, Reactivity series, Formation and properties of ionic compounds. **Skills**	Activating Prior Knowledge by Random Questioning Introducing the topic to be taught after getting the expected response from the students. Developing hypothesis by : **Lecture Discussion.** **Video** related to the topic will be	**Inter disciplinary Linkages:** **Diagram:** **Art Integration:** PRACTICAL : Observing the action of Zn, Fe, Cu, and Al metals on different salt solutions.	The learning outcome will be assessed with an oral and written test **Assignment:** Students will be asked to memorize the periodic table with their symbol and atomic number up to element calcium	**Sci Olympiad**	Students will be able to: Differentiate between properties of metals and non metals Reactivity series, Formation and properties of ionic compounds

		Enhanced: Critical Thinking Data Interpretation	shown				
NOVEMBER	**Topic/Chapter: Light : NATURAL PHENOMENON:** **Reflection and Refraction/Human Eye and colorful world**	Reflection of light by curved surfaces, Images formed by spherical mirrors, centre of curvature, focal length, principal axis, mirror formula, magnification. Refraction; Laws of refraction, refractive index, Image formed by lenses, lens formula,	Discussion, Video on image formation by spherical mirrors and lens.	PRACTICAL : Determining the focal length of concave mirror and convex lens.	The learning outcome will be assessed with an oral and written test **Home Assignment:** Examples and the exercise of this unit will be given to the student to be solved. **Discussion** will be carried out on the problem solved by the students to have a better understanding of the topic		Students will be able to understand : Reflection of light by curved surfaces, Images formed by spherical mirrors, centre of curvature, focal length mirror formula, magnification. Refraction; Laws of refraction, refractive index, Image formed by lenses, lens formula, power of lens and magnification. Dispersion and scattering of light, applications in daily life.

	No. of Period : 10	power of lens and magnification Dispersion and scattering of light, applications in daily life. **Skills Enhanced:** Critical Thinking Remembering data Data Interpretation					

November	**Topic/Chapter:** **Heredity and Evolution** **No. of Periods: 6**	Heredity, Mendel's contribution- Law for inheritance of traits, sex determination **Skills Enhanced:** Critical Thinking Summarizing and inferring data	Activating Prior Knowledge by Random Questioning Introducing the topic to be taught after getting the expected response from the students. Developing hypothesis by : **Lecture Discussion.** **Video** related to the topic will be shown	**Inter disciplinary Linkages:** **Diagram:** **Art Integration:**	The learning outcome will be assessed with an oral and written test **Home Assignment:** Examples and the exercise of this unit will be given to the student to be solved. **Discussion** will be carried out on the problem solved by the students to have a better understanding of the topic		Students will be able to understand : Heredity, Mendel's contribution- Law for inheritance of traits, sex determination
